

WORLD KARATE FEDERATION

Recognized by the International Olympic
Committee (IOC)
Member of SportAccord and of
the International World Games Association (IWGA)

TO ALL WKF NF's

Madrid, 18th February 2014

Dear President,

In the course of the World Championships 2014 in Bremen, the first World Championships for people with disabilities will be held in the three disciplines of blind and visually impaired, wheelchair users and people with learning disabilities.

Karate is one of the few sports where the category "seniors" and the category "persons with disabilities" are parallel held in the World Championships.

The exact call will be sent shortly with the first bulletin and it will be also published on the WKF Internet webpage of Karate for Persons with Disabilities.

Please inform and motivate your athletes of the various disciplines to take part in this unique event and so to promote our sport.

Best regards,

A handwritten signature in black ink, appearing to read "Antonio Espinós", written over a white background.

Antonio Espinós
WKF President
